

**40<sup>th</sup> ANNUAL SCACS**  
**COLUMBIA CONFERENCE & LEGISLATIVE EVENT**  
**Senate's End, 300 Senate Street, Columbia, SC**  
**Columbia, SC 29201**

**Wednesday, January 22, 2020**

It's hard to believe! The upcoming conference will be 40 years in a row that SCACS has hosted this event. This annual conference is for Pastors, Administrators, and Board Members of all Christian schools, members and non-members, and students. It is also for Directors of Church Child Care Centers. The Conference begins at 8:45 a.m. and will conclude by 12:30 pm; a buffet breakfast will be served. The conference will be jam-packed, providing you with pertinent information on a variety of issues. Chad Connelly, director of Exceptional SC; Dan Handford, founder of Fortify Foundation; Bill Pope representing Mission Safe; and other presenters will provide pertinent and helpful information.

Member schools may each bring up to eight students (Juniors or Seniors only). While we are sorry to have to limit the number of students, space limitations dictate in this matter. Let me encourage each school to bring students; it is an opportunity to expose our governmental leaders to what we are all about—our students. It is also an opportunity to foster an interest and sense of responsibility in our students who will be the next generation of Christian leaders in South Carolina. Students are given an opportunity to enjoy an exciting and informative tour of the Capitol and grounds led by Chad Connelly. Your students will never forget this energy-packed two-hour event.

Once again this year we will be at Senate's End, located at 300 Senate Street in Columbia, SC. Students will travel by bus to and from the tour; however, the tour will include both indoor and outdoor activities. Students will want to dress for the weather; however, SCACS prefers dress outfits for young ladies and ties for young men for this activity.

The annual SCACS business meeting will be included in our conference. The meeting will include many items that are necessary for the ongoing operation of our association and the election of SCACS board members. Each school should have received a proposed list of nominees earlier this month.

It is vital that you take part in this business meeting and conference. This is your organization and we need your participation. Every SCACS member school is asked to have a representative in attendance. Please do not put this invitation on the back burner. This is an extremely important conference. We begin a new legislative session this year; that means that there are many new legislators and senators that we need to get to know.

Our conference is scheduled to finish by 12:30 p.m. Our finish time is designed to allow you to schedule an appointment with your state senator and/or legislator(s). The impact of your young people meeting these lawmakers cannot be overstated. You should be able to schedule appointments beginning at 1:00 p.m.

***A registration form follows.***  
***Please complete and return to the SCACS office on or before Friday, January 10th.***
