

LEVEL II - PARTICIPATION SHEET
For School Use Only and For Students in Grades 4-6

Student: _____

This form can be used to ensure that an individual student is not competing in too many categories and/or to calculate the fees that the school wishes to pass on to the student's parent. To calculate the fees simply enter a number 1 in the first column and the computer will calculate the individual fees. However, the school will need to decide how much it wishes to charge an individual student for participation in a group.
